

Enter the Points of Pride Campaign 2009

The Points of Pride campaign is about requesting citizens, visitors, and others to inform the community about what they like best about the Cottage Grove community.

Cottage Grove has a plethora of significant physical assets including ponds and parks, rivers and ravines, and it is a great place to live, work, play, eat, shop and recreate. As we plan our community for the future we want to know what is considered the “Best Of” by the community. In seeking the answer to what is the best of the best we have created the Cottage Grove Points of Pride program.

I. What is a Point of Pride?

A Point of Pride is a landmark, event, or attraction unique to Cottage Grove which evokes a sense of

pride among the people who live here. A Point of Pride must be located or held within the City of Cottage Grove.

A Point of Pride can be any of the following:

- It can be a **landmark**, a view, vista, park, trail or segment thereof
- It can be a commercial or residential garden or **landscape**
- It can be a **recreational program or facility**
- It can be a **golf course hole or vista**
- It can be a **historical site or object**
- It can be a **building**
- It can be a restaurant, retail, office, industrial or service **business**
- It can be an **attraction or community event** unique to Cottage Grove
- (Note: It is possible for certain landmarks, events or attractions to be nominated in more than one category)

To make a “Point of Pride” nomination, please use the enclosed form. There is no limit to the number of

nominations made by any one individual. Multiple nominations in multiple categories are encouraged.

II. How to Enter

The nomination process is continuous through 2009. Submit the attached form to nominate your location or event. Be sure to use the essay portion, 100 words or less to describe why the location or attraction should be considered a Cottage Grove Point of Pride.

Essays will be evaluated on the quality as well as merit and not solely on the quantity of submittals. It is anticipated that at least one and no more than two Points of Pride will be selected within each category but final determination will be made on the quality and quantity of nomination submittals.

To view a list of all businesses, city parks, buildings, gardens, events go to:

www.cottage-grove.org and click on Points of Pride. All nominations must include identification of the submitter. The City reserves the right to use all or a portion of the submittal essay in municipal publications.

2008 South Washington County Garden Tour Participants

1. Annette & Dick Mullen 8211 River Acres Road. This garden has the distinction of being the 2007 Cottage Grove Green Garden Award. Its magic begins with a garden scale railroad with 1500 feet of track along woods, waterfall, streams and bog. Among the garden areas included in this home are several large flower gardens, large hosta glade and a vineyard.

2. Diane & Ted Fredrickson 8291 River Acres Road Stroll through an oak and pine shaded lawn to approach sun and shade gardens terraced on this Mississippi River home. A large cutting and vegetable garden borders the yard.

3. Dennis and Cheryl Bostrom 8190 113th Street So. The variety of perennials and annuals at this expressive garden will surprise you! The gardeners focus on a variety of color and texture. You will see plant surprises tucked in each garden, look closely!

4. Mary & John Hogoboom 7527 Hillside Trail So. Mary created this perennial garden with informal cottage charm appeal with a koi pond to inspire a peaceful, back-woods feeling.

5. Linda Johnston 8246 Hames Road

A front garden and berm is shared by Linda & her friend and neighbor, Pat Beard, which leads to two different styles of gardens. Linda has heavy shade plantings under evergreens. "Spring is my favorite, with a lot of varieties of iris," Linda stated. "Summer brings a variety of perennials."

6. Sharon & Pat Beard 8236 Hames Road Visiting this garden allows you to see a beautiful array of hostas, clematis, lilies, carpet roses. Numerous varieties of plants and flowers gracefully adorn this residence.

7. Maryann & Bob Nelson 7880 Janero Ave. S. Many patio areas compliment the abundant Asiatic and day lilies in this garden, with a variety of native perennials. The creative use of natural rock in this garden is all over their back yard garden: bird feeders, bird houses, flower pots and as a filler near their patio. You will feel like you are at the cabin with the rock and water features!

8. Jan & John Geisler 8160 Jensen Ave. So. This garden has it all, shade and sun gardens, pond and waterfall, native perennials, even birdhouses! They have incorporated more than 50 varieties of hostas into their gardens.
